Summary of Coral HAPC and Shrimp Regulations:
 Fishing with bottom longlines, traps, pots, dredges, or bottom trawls is prohibited.
 Note: Possession of Rock Shrimp in or from area encompassed by Expanded HAPC is prohibited.

Summary of Snapper Grouper Regulations for Experimental Closed Area:
 No fishing for fish in the snapper grouper fishery may be conducted in the Oculina Bank HAPC; such fish may not be retained in or from the HAPC.
 Fish in the snapper grouper fishery taken incidentally in the HAPC by hook and line must be released immediately by cutting the line without removing the fish from the water. A snapper grouper fishing vessel may not anchor in the Oculina Bank HAPC.
